Cruise America started business in 1972 and having been successfully owned and managed by the Smalley family for over 40 years, Cruise America has now given the wheel to our extended family – our employees. As we begin this next leg of the journey, our legacy of RV rental and sales excellence isn't in the rearview mirror, but in the driver's seat.

From this you can tell Cruise America know motorhomes and know the motorhome rental business; Cruise America know what you want in a rental vehicle and we know what we want to provide for you. As you read through the following pages we hope you will glean some of the knowledge we have of our industry; of motorhome rental and of 'camping' in the true North

Rentals are possible from **twenty seven** locations in the USA and **five** in Canada. No other company can offer you this many locations to travel from, to and between!

American style. Cruise America, and sister company Cruise Canada, want you to have the family holiday you wish for, tailored to your needs; and we hope that by reading the information in these pages you will come to learn just how exciting and motivating this type of holiday can be.

If you ever have any questions, please don't hesitate to call us or one of the many tour operators or travel agencies we work with.

WHAT IS TOURING IN A MOTORHOME REALLY LIKE?

By looking at this brochure, you have made the first step into discovering one of the best ways to travel around the USA and Canada. With so much to see and do, it's often hard to know where to start but you have come to the right place and you are now in safe hands.

Cruise America has been renting motorhomes for over 40 years; so with our extensive experience, top of the range motorhomes built especially for the motorhome rental market and our unrivalled service standards, all we can offer you as an extra is...the holiday of a lifetime.

Americans and Canadians have been holidaying in motorhomes for fifty or more years. We call them RV's – Recreational Vehicles – and that's exactly what they are – vehicles built specially for 'recreation'. We doubt that you will find an American family who has not bought or hired an RV at some stage in their life and taken the family out on the road for long weekends. With over 15,000 fabulous camping resorts to choose from, it is hard to see why anyone would want to book their family into a hotel.

There are so many benefits to hiring a motorhome that it is hard to list them, but we will try and tell you some of them.

FREEDOM... There is no other holiday that gives you this freedom. You can stay in one place for as long or as little time as you fancy. There are no rigid rules about how long or short a time you stay in one place. What other things are there 'not': No set times for breakfast or dinner; no unpacking and re-packing every day; no extortionate costs for the mini bar and no tipping the porter every time he opens the door or picks up your bag!!

FLEXIBILITY... You could choose to follow one of our suggested itineraries on the following pages, design your own itinerary or just take to the open road and go to where your

heart desires. Not so keen on a particular place once you get there? Kids getting bored? No problem, all aboard and let's drive to the next destination.

PRICE... Although hotels may seem relatively cheap when you book in, there are always the additional costs that everyone forgets about until they arrive. Breakfast, Lunch and Dinner being the main culprits! Drinks, coffees, snacks! Want the loo and you have to find a bar – and you have to buy a drink! All of these costs have to be paid at a restaurant, café, bar or pub. Compare this to an RV, where it is literally home away from home. You wouldn't have every single meal, drink and snack out in a restaurant if you were at home and you don't need to if you are on holiday, certainly not in a motorhome. But no one is saying you can't eat out if you want to! The point is you have the choice.

ACCESS... Your motorhome gives you access to all main tourist areas. When visiting places such as the Grand Canyon or Zion National Park, you are able to overnight within the grounds of the parks and usually at

Photo: Andy, San Ramon

a minimal cost, hotels serving the National Parks are typically expensive. Aside from the National or State Parks, practically all of the tourist sites and sights that have drawn you here have welcoming RV Parks right there.

PLEASURE... For children travelling in a motorhome it is sheer pleasure. There is no cramming into the back seat of a car; no "I don't want the middle seat". Instead they can all sit round the table in the motorhome and either play games or look out of the big windows at the view.

NATURE... Wake up to the sound of birds and a view of a vast mountain range. Step outside and take a deep breath of mountain or sea air. Relax with the family and eat breakfast in the sunshine. Then head out to your chosen

destination for a full day of family fun. There is never any rush...and it doesn't get better than that.

SHARE YOUR ADVENTURE... Take lots of pictures of your RV family adventure in a Cruise America or Cruise Canada vehicle.

We really love pictures of your family and friends enjoying themselves. Share photos, videos, and stories on the Cruise America RV Community and you could win a \$500 Gift Certificate towards the next RV trip of your dreams or even see yourself in print, in the next edition of the Tourbook!

Hiring a motorhome to see America and Canada truly is an exceptional experience. The great outdoors is just waiting to be explored. Come with us now and take a look at our suggested itineraries with recommended campgrounds to get you on the right track.

PRICING YOUR MOTORHOME - AVAILABILITY IS KEY

The first key to good value renting of a Cruise America or Cruise Canada vehicle is knowing that our pricing is based on availability. When we have more vehicles available, the price will be cheaper; when we have more vehicles available in a certain category, you may find a larger vehicle is cheaper than a small one.

The second key is to understand that the EARLIER you book, the more availability there will typically be – and hence the cheaper the price will be.

When you call us, or your tour operator, you will be given the price for the entire rental time, including insurance.

You will be asked how many miles you think you will be travelling – and you can pre-buy your mileage accordingly at a saving from the per mile rate. You can buy blocks of 500 or 100 miles/kilometres or, if you think you will travel a long way, you can pre-purchase unlimited mileage. It is good to note that in certain months, on certain vehicles, you can save 25% of the unlimited mileage charge for up to three weeks! If you choose one of our itineraries in this brochure it will be easy for you to know basic mileage – but please don't forget you will not just drive from campground to campground on your route; you will divert to places of interest along the way so be generous with yourselves and mileage, the caveat being there are no refunds for un-used mileage.

Cruise America & Cruise Canada provides a Personal Kit with personal bedding and towels and a Kitchen Kit of pots and pans and crockery. Normally you would pay for these at the rental station if you require them but some tour operators may have the option for

you to prepay. For those clients that just want the worry-free "all-in" option we also offer the Unlimited Mileage Plus Package.

If you are going to pick up in one city and return to another, you will be expected to pay a one-way fee. Fees vary from \$250 to \$650 depending on the routing and normally customers pay that directly to the rental station when they pick up their vehicle.

Everything is subject to state or provincial tax; normally your tour operator will add this on to your pre-paid items but do expect it also to be added to any locally paid items.

INSURANCE is really important to everyone and we include it in your rental price. We cover you automatically for one million dollars liability. Your vehicle is also covered for accidental damage but please be aware there is a deductible excess, just as with your car insurance at home. For any damage to our \$60,000 plus valued vehicles, you may be charged up to \$1000 dollars (2018/19) towards each damage claim. This does not mean an automatic charge of \$1000 for each claim; it means UP TO..... as an example, if the damage repair cost is \$50, that is all you will be charged. It is important to note that all insurance is invalidated if the vehicle is being driven contrary to the Rental Agreement signed at pick up.

The last thing you need to know about is the \$500 refundable security deposit. This will be charged to your credit card upon pick up. Any extra mileage charges or damages will be charged against this deposit and any costs for oil (keep receipts please!) will be credited to you. It is really important to us that you keep the oil levels at normal – hence we'll pay for it!!

With over 40 years experience in renting and manufacturing our own motorhomes, we know exactly what renters require to make their motorhome holiday as easy as possible. We currently custom build 4 motorhome types so it is easy for you to choose the right motorhome depending on the number of people, length of vacation and your individual needs.

CHOOSING YOUR MOTORHOME

Our RV's are type 'C' for 'Cab-Over' or 'T' for 'Truck'. We find them far more serviceable for the rental business than the old flat fronted, coach style 'A' bodies we used to rent many years ago which were always prone to chipped windscreens. Indeed there is more internal space in the type 'C' and the cab-over bed is a firm favourite among the youngsters!

Everything Cruise America rents is built specially for the rental market and while we cannot say things are totally indestructible, we make a very good effort to ensure that things like cupboard latches are secure, fabrics are durable, curtains are well secured and light-proof; our mattresses are easily cleaned, vinyl floors too. We are always striving to improve our RV's and work with the design team at one of the USA's major manufacturers to ensure we are as current in the RV marketplace as we can be.

All of our RV's have a refrigerator and freezer. They all have a hob and a microwave and cupboards for food storage in the kitchen area. All have a shower, basin and flush toilet. Waste water from the bathroom and kitchen goes into two on-board holding tanks when you are not hooked up to mains drainage at a campground.

All Cruise America vehicles come with power steering, power brakes and automatic transmission. If you drive a manual vehicle at home, it will take you seconds to get the hang of forgetting your left foot and just using the on/off pedals – the power and the brake.

From our own experience, the vehicle length has never been a problem – it just seems to follow you! Just be sure to make your turns wide. The vehicle width takes a little while to get used to, but by day two you will be driving your RV like a professional!

Perhaps if there are just two of you and you want, not just all the comforts, but also a motorhome that is easy to drive and park, as well as being economical, then you should choose the C19 or the T17. On the other hand if you are a family of 4 the C25 is ideal, or if you're a small party travelling for sometime, the C30 for all the extra storage and space.

CAMPGROUNDS IN NORTH AMERICA

In North America, there are thousands of campgrounds ranging from high class resorts with every amenity, through owner run campgrounds where hospitality is the key, to the more basic camping experience found at National, State and Provincial Park campgrounds and finally there is free camping, also known as dispersed camping or boondocking for example on the beautiful public lands that have been set aside by the government for recreational purposes.

We want to give you a taste of each of these similarly homely, but quite different in style, experiences. We will be honest and tell you though, if there is a National or State Park in the area, we recommend you choose one of their campgrounds to stay in!

Let's talk first about the 'high class resorts'

These may be privately or corporately owned and will normally be pristine, in a great location, with paved roads and RV sites, and full hook-ups to town water, electricity and waste disposal. They will have smart showers and toilets for the use of 'campers'. There will be a Clubhouse, often a restaurant and bar area; and of course a swimming pool or private beach, plenty of children's activities and sporting opportunities. Costs vary

depending on the area; they will be more expensive close to big attractions such as Disneyworld or Niagara Falls; also in states where most things are pricey – such as some up in the northeast USA. Generally, however, they are still excellent value for money being in fine locations and giving everything you would need. Most of these larger campgrounds have on-line booking on their individual websites.

How about the family owned and operated campgrounds then...

Smaller, family run and with a reputation for personal service would sum up this category. More often than not with paved roads and RV sites and with full hook-ups to town water, electricity and waste disposal. They will have clean showers and toilets, often a general store and Laundromat. There will normally be a swimming pool unless they have lake or beach swimming; a children's activity area and often family style entertainment in

season. Again prices vary but, generally, you will find these sites very cost-effective. On-line booking is a possibility and many of these sites will have an email booking form – you complete that and email it off to them.

National, State and Provincial Park Campgrounds

These provide the most idyllic locations and the opportunity to 'commune with nature'. Waking up in an amazing location, with nothing but the birdsong and the sunrise to disturb you, has to be just perfect. Rarely will you find water or electric or waste disposal hook-ups at these campgrounds – not a problem if you make sure your freshwater tank is full, your propane tank is full (for your gas hob, water heater and fridge) and your waste holding tanks are empty. You have a separate 'coach battery' (i.e. not the engine battery) which will power a couple of internal LED lights for, perhaps a day or 2 but if you have a vehicle with on-board generator, this will either run to power you or will boost your batteries with a quick blast in the morning!

Do note though that most Parks will have a restriction on when you can/cannot use your generator – so as not to disturb other campers.

Some National and/or State Park campgrounds will

have shower and toilet facilities (i.e. Mather Campground in the Grand Canyon and Furnace Creek campground in Death Valley). You can check the individual facilities for the USA on www.recreation.gov and for Canada on www.pc.gc.ca – you can pre-book on both these websites too.

Dispersed Camping / Boondocking

There is nothing like the feeling of freedom setting up camp in an ideal, secluded, picturesque campsite out in the hinterlands somewhere. Not in a campground, and not in an RV park, but camping somewhere on the

Campland on the Bay, California Photo: Campland.com

Lake Havasu, Arizona Photo: Willy Lowe

beautiful public lands that have been set aside by the government for recreational purposes. We especially like camping on Forest Service land, BLM (Bureau of Land Management) areas, WMA's (Wildlife Management Areas) and county or city parks. "Boondocking" refers to this kind of camping (also known as "dispersed camping"). Some people call it "free camping" or even "wild camping" because it doesn't cost anything and many sites are far out in nature somewhere. Whatever name you give it, it falls under the category of "dry camping" because you are living in your RV without hooking it up to city water, sewer or electricity.

CAMPGROUND Q & As

Q How have we chosen the campgrounds featured in our itineraries?

Many campgrounds are in here because of the personal recommendation of a member of Cruise America's staff – Camplands in San Diego for instance. Every single one we have featured has been checked with one or other of the sites which give ratings to campgrounds. Of course it has to be said that these ratings will have been based on reports by customers who have visited in the past; things change, campgrounds are bought and sold. However, we feel confident that those we have suggested will be to your satisfaction. If you feel you would like to choose your own campgrounds, or check the ratings on the ones we have chosen, by all means do so. The Website address for our suggested overnight campground is listed at the end of each day.

Q How did we choose what itineraries to include in the Tourbook?

With over 40 years experience of helping people with their motorhome vacations in North America, we believe we have the knowledge and experience to know where people want to travel. While it is important that where you stay overnight is clean and comfortable, it's the daytime journey and the sights you will see, that will make your holiday a success. So we have highlighted must see experiences or 'Visit' on each day to show you what you won't want to miss.

Q How have we constructed our suggested itineraries?

The majority of our itineraries shows one night at each campground. We know, however, that not all of you will be taking 7-10 night holidays! So we have left it to you to decide how many nights you will spend at each campground, thus lengthening our itineraries into the perfect trip for you. All mileages shown in the Tourbook are approximate and may vary depending on route chosen.

Q How long should we spend at each campground then?

That's a tough question! If you are going to visit the Grand Canyon, for instance, you will probably want to spend at least three nights. You may be happy to view the Canyon from the top of the South rim or you may want to take a day trek down into the Canyon, a helicopter ride over the Canyon is breathtaking and can be booked with several operators such as Maverick Helicopters. Yes, there is an airport right there with helicopter tours going all day. In fact all of the National Parks and/or State Parks are most likely going to be places for

Breakfast alfresco!

more than just one night. On all of our itineraries we have shown a 'must not miss' place – and this may guide you on how long you wish to spend at each place. It has to be said that some campgrounds are 'break your journey' stops – in which case one night is enough.

Q Are there any times we should definitely book our campgrounds in advance?

If wanting to stay near big attractions – Disney, Universal Studios, Niagara Falls – or close to popular cities or in the National Parks, we would always recommend advance booking.

Time for breakfast!

Good morning! Photo: Merielle Robinson

Marmalows in Yellowstone Photo: Shane Morrison

Otherwise, if travelling in July and August or on the following holiday weekends, booking ahead is a very good idea:

USA & CANADA: Christmas and Easter.

USA: Memorial Day in May, Independence Day in July, Labor Day in September, Thanksgiving in November.

CANADA: Canada Day in July, Labor Day in September, Thanksgiving in October – plus a myriad of other holidays in certain Provinces.

Q How do we book in advance?

You can often book our selected campgrounds on-line or by email. You will need to know the day of arrival and number of nights you wish to stay; if they ask about electricity amps "What Amps do you want?" you will need to tell them 30 amps (all Cruise America vehicles are 30 amps). You will be asked for your credit card details to pay in advance. Each campground has its own cancellation policy so be sure to find out what that is and make a note.

Q Do we need full hook-ups every night?

If your fresh water tank is full, there is no need to hook up to city water. If your grey and black water waste tanks are empty, there is no need to use the waste disposal at the site. It's probably only electricity you would plug into on such an occasion. Obviously if your waste tanks are full and your fresh water tank is empty, you will want full hook-ups!

It's a dog's life!

NORTHWEST USA

One of our longest itineraries, taking you through Washington State, Idaho and Oregon. Pick up in our Seattle/Everett location, or in Portland, Oregon. There are a lot of miles here; you will want to stay more than the one night in several locations, it's spectacular and you will want to linger...

Motorhome Itinerary

Day 1 > Collect your motorhome and head north on Interstate 5 to Mount Vernon, just over forty miles with most on the Interstate to your campground. [40 miles to Mount Vernon RV Park](#) ★ Catch a show at the restored Lincoln Theatre, originally built in 1926 and still using the original theatre organ from the time. Visit the Roozengaarde Display Garden to see a breathtaking display of the tulips the city is renowned for, in celebration of its Dutch heritage! <https://goo.gl/d268rU>

Day 2 > Though only sixty-five miles, your journey will take a while as it will be through some very scenic locations as you head toward the North Cascades National Park. You will be following the Skagit River as you pass through small towns such

Diablo Lake

as Lyman, Hamilton and Concrete – the latter being worth a stop as it really was ‘cement city’! Though many of the original wooden buildings of the early 1900’s were destroyed by fire, three still remain. Continue through Rockport and Marblemount and enter the North Cascades National Park. On your left you will see Damnation Peak, Mount Despair, Mount Terror and thankfully, Mount Triumph! To your right, Pyramid Peak and Colonial Peak. Overnight in the National Park. [65 miles to North Cascades National Park, Newhalem Campground](#) ★ Visit Diablo Lake and Ross Dam. <https://goo.gl/Jgp2EC>

Day 3 > Continue through North Cascades NP, dropping down through the Okanogan National Forest to Electric City. The attraction here is the Grand Coulee Dam. This is the largest electricity production facility in the USA – fifth in the world – and is the largest concrete structure too. There is enough concrete in the Grand Coulee Dam to build a 60 foot wide road, four inches thick, from Los Angeles to New York City! That would be a four lane highway, 3,000 miles long. [175 miles to the Coulee Playland Resort, close to Electric City](#) ★ Visit the Grand Coulee Visitors Centre. On summer evenings, a laser light show, including full-size images of battleships and the Statue of Liberty, is projected onto the dam’s wall. www.couleeplayland.com

Day 4 > As you head for fabulous Coeur D’Alene in Idaho, after about 90 miles your drive takes you through Spokane, Washington. We’re sure you’ll want to stop so please look at their website to see what you might want to do there – wineries being a ‘big thing’. You have plenty of time to linger as there is only another 30 miles before reaching tonight’s campground. Blackwell Island RV Park is located right on the water. Sit on the beach or take a dip in the lake. Coeur d’Alene offers a wide range of indoor and outdoor activities. Within Kootenai County there are 87 parks and campgrounds, 47 hiking trails, fishing, swimming, hiking, world class golf, horseback riding, tennis, amusement parks, and, of course, spectacular scenery at every turn. You may want to stay longer than just one night! [120 miles to Coeur D’Alene](#) ★ Visit Riverfront Park in central Spokane and the Cataldo Mission outside Coeur d’Alene. www.idahorvpark.com

Day 5 > Only about four hours drive if you stayed on the Interstate but you’d miss so much if you did. After completing your crossing of that sliver of Idaho, your route takes you into Montana: Big Sky country. Your campground is located in the great outdoors of Southwest Montana, nestled in the

Rocky Mountains near the historic cities of Anaconda and Butte and surrounded by Forest Service and wilderness experiences. Butte was known as the ‘Richest Hill on Earth’ for first gold, then silver, copper, lead and zinc have all been mined here. The historic district is well worth a visit. [275 miles to Butte](#) ★ Visit Missoula for Fort Missoula, the University of Montana and the Elk Foundation. www.fairmontresort.com

Day 6 > South-east towards Yellowstone National Park. You should leave the Interstate at Belgrade and head south on the scenic Route 191, through the Gallatin National Forest and past the Big Sky Resort. You’ll enter through the West Entrance and, if you’ve got time, Yellowstone is definitely the place to spend that extra day, or even longer. Most of the major and iconic sites are on a loop. It’s under a hundred miles round but, traffic jams around here are caused not by visitors but whenever the local wildlife decide to walk, sit or lie close to or even on the road. You’ll not move a buffalo and, if you’re lucky enough to find it’s a bear or a moose up ahead, you’ll want to stop just as everyone else will. Coming in from the West and heading out to the South means that, whichever way round you choose, there will be a section you drive twice. In this case it’s the road by Fountain Paintpot and Old Faithful so it’s no hardship. There are several campsites on the loop as well as near the entrances. The website has all the information. [180 miles to Yellowstone National Park](#) ★ Visit Mammoth Hot Springs; Grand Canyon of Yellowstone; Inspiration and Artist Points: all within Yellowstone National Park. www.nps.gov/yell/planyourvisit/campgrounds.htm

Day 7 > As you leave Yellowstone by the South Entrance you’ll enter Grand Teton National Park. It’s because they’re so ‘young’ that those magnificent mountains rise directly from the Jackson Lake valley without foothills. It’s easy to see how they got their name from French speaking trappers. Stay on Route 89 and by the Idaho border, bear west bound for Idaho Falls. [215 miles to Idaho Falls](#) ★ Visit the top year round resort of Jackson. It’s home to celebrities and visiting ‘beautiful people’. www.snakeriverrvpark.com

Day 8 > A great deal has changed for the first Americans over centuries, but a great deal has remained the same. The Shoshone and Bannock tribes were granted 1.8 million acres in Eastern Idaho under the Fort Bridger Treaty of 1868. Survey errors, treaties, and promises both kept and broken moved the boundaries of the tribal lands to as little as 418 thousand acres and back to their present area of almost 544 thousand acres.

As you drive south on Hwy 15 today, you will pass through the Fort Hall Indian Reservations. A ‘must see’ is a collection of Native American art and artefacts at an unusual shop called The Clothes Horse. Over generations the Shoshone Bannock tribes have developed a particular style and quality which is considered world class, some of their pieces are even on display at the Smithsonian in Washington, DC. Turn off on Hwy 86 towards

Day 9 > Just over 200 miles or three hours will bring you to Idaho’s State Capital today. At first you’ll be following the Snake River on your right; then on your left. The freeway continues to Boise but you might want to turn off just after Glens Ferry and continue through the Snake River Birds of Prey

Day 10 > Heading west back towards the Pacific Ocean your route soon takes you into the state of Oregon. The suggested overnight stop is near the town of Le Grande which was the phrase an early French settler used to describe this area’s beauty. Dominated by Mount Emily, the vast area you’ll drive through is the Wallowa-Whitman National Forest. [160 miles to La Grande](#) ★ Visit Baker City for the primary visitor centre and interpretive museums along the historic Oregon Trail. <https://goo.gl/9xoETb>

Day 11 > Much of the drive today will be alongside the mighty Columbia River which separates Oregon from the state of Washington on its northern bank. You should break your journey first at Pendleton for the fine local woollen goods and then at Fort Dalles which originated as a US Army outpost deep in ‘Indian Country’ and on the Oregon Trail. The name, in Canadian French, refers to the very strong rapids just outside the town. Maybe you’ve heard that the city of Portland, Oregon, has been named by ‘Money’ magazine as North America’s ‘Best Big City’. One visit will explain why. The gardens, museums, zoo and fine dining will maybe be a welcome contrast to the outdoors life of the last few days. Much can be accessed via the region’s convenient and

American Falls. During high water flows you’ll see a torrent of water spilling over the falls that originally gave the city its name. Situated on the Snake River, just off Interstate 86, exit 28, Massacre Rocks State Park is open year round and covers approximately 1,000 acres. Rich in history, as wheel ruts from wagons on the Oregon Trail still show, pioneers used this area as a rest stop for years. Many emigrant names are inscribed on Register Rock which is now protected by a weather shelter. The State Park campsite is home for tonight. [55 miles to Massacre Rocks State park at American Falls](#) ★ Visit The Lavas, caves and rock flows just outside Idaho Falls <https://goo.gl/PnwvKC>

Day 12 > Having enjoyed the city, it’s off once again to a National Park – your last before returning to Everett. After seventy or so freeway miles, turn off on Route 12 toward the park. Mount St Helens rises on your right and, in fact, you may be tempted to come off the freeway and ‘cut the corner’ by driving right past the Mount St Helens National Volcanic Monument. It’s three miles shorter but will take a lot longer due to the windy roads. Mount Rainier National Park was established in 1899. Elevations range from 1,610’ to 14,410’ above sea level and the ‘mountain’ is actually an active volcano encased in over 35 square miles of snow and ice, surrounded by old growth forest and stunning wildflower meadows. There are three or four Forest Service campgrounds to choose from on Routes 12 and 410. Take a look at the appropriate websites to find one you like. [180 miles to Mt Rainier National Park](#) ★ Visit the seven areas of the park – or as many as you can. Each has trailheads and facilities; some more rustic than others. <https://goo.gl/w8PHZ5>

OREGON AND CALIFORNIA

Whatever your passion, Oregon's natural and scenic variety – coast, mountains, rivers, high desert, plains, forests and valleys – lends equally to exhilarating outdoor adventure or tranquil exploration. Oregon also has more scenic byways and tour routes than any other state as well as no sales tax so plenty of shopping opportunities.

Then onwards on this scenic tour to Northern California, a land of agricultural bounty where you'll experience soaring Redwood Trees, taste world class wine in Sonoma County and finally end your trip and maybe leave your heart in San Francisco.

Motorhome Itinerary

Day 1 > Begin your adventure by spending a couple of nights in Portland. Surrounded by natural beauty, known for its distinctive neighbourhoods each with a unique flavour and heritage, beautiful gardens, craft beer, indie music scene and great shopping including the largest bookstore in the USA - Powell's Books. After enjoying the hospitality of Portland it is time to collect your Motorhome and head out along the historic Columbia River Highway. Enjoy the panoramic views of the Gorge below and the many waterfalls close to the highway, the most impressive of which is Multnomah Falls, which drops 620 feet and is Oregon's most popular natural attraction. [150 miles via Mt Hood to Oxbow Regional Park](#) ★ Take the exhilarating Mt Hood Scenic Byway around what is one of Oregon's most iconic landmarks to see some of the state's most stunning scenery. After exploring the gorge drive to Hood River and enjoy the small town feel and visit Hood River Water Front Park, right on the Columbia River where you can watch kite and wind surfers from all over the world. There are great restaurants too! <https://goo.gl/nYSqBW>

Day 2 > Today you are heading to Astoria, which has been called "The Little San Francisco of the Pacific Northwest," and features a revitalized 1920s era downtown area and dozens of picturesque Victorian homes clinging to steep wooded hillsides. Rich in scenic beauty, the Pacific Ocean and the Columbia River can be viewed from the top of Astoria's historic landmark Column (built in 1926, the Column is 125 feet high and has 164 steps winding to the top). [125 miles to Fort Stevens State Park](#) ★ Have an educational experience and visit the Maritime Museum and don't miss the house of Lewis & Clark from 1805-06 in Fort Clatsop. <https://goo.gl/9bfZct>

Days 3/4 > As you head south along this spectacular Scenic Byway you will pass historic lighthouses, sleepy fishing villages and amazing vistas. Explore Cannon Beach with its quaint town centre and many art galleries. Nearby Haystack Rock, the third largest monolith in the world is one of the State's most photographed natural wonders. The mighty Pacific Ocean greets the beach along 7 gorgeous miles in Lincoln City and be sure to stop en route at charming Depoe Bay which has the smallest navigable harbour in the world. There are numerous charter fishing and whale watching companies that operate from here. Newport's Historic Bay Front is home to one of Oregon's largest commercial fishing fleets and visitors can enjoy shops, art galleries, chowder houses, restaurants, fish processing plants and family attractions in turn-of-the-century storefronts from a bygone era. Yaquina Head Lighthouse is the tallest on the Oregon Coast - soaring 93 feet in the air. No other place in America matches the dramatic beauty of Crater Lake - deep, pure and astoundingly blue. Surrounded by sheer cliffs nearly 2,000 feet high, the lake is the 7th deepest in the world and the deepest in the United States. Enjoy the unspoiled wonder of Crater Lake National Park and the breathtaking scenery on the Volcanic Legacy All American Highway. Southern Oregon is home to a pair of well-known festivals celebrating music and theatre - the Britt Music Festival and Ashland's Oregon Shakespeare Festival, as well as historical museums, arts communities, antique malls and thriving wine valley, the Applegate Valley. History buffs will recognize the region as the site of Oregon's 19th-century gold rush, an era preserved for posterity within the boundaries of the entire town of Jacksonville. It has everything from beaches to forests and National Parks so whatever your inclination, do join us for this magnificent ride. You will most definitely want more than one night in each place!

Motorhome Itinerary

Day 1 > Pick up your motorhome from Cruise America in Los Angeles. Just under 4 hours drive on main Route 101 will bring you to the KOA where you will spend your first night. They call the area around Santa Barbara "America's Riviera" so their beaches and restaurants might make it a natural break along the way. 📍 **240 miles to Santa Margarita** ★ Visit Chumash Painted Cave to see some of the very elaborate and colourful rock paintings that have survived for five hundred to a thousand years. www.koa.com/campgrounds/santa-margarita/

Day 2 > Back-haul on 101 just 11 miles, turning towards the Pacific Ocean and on to California's spectacular Route 1 at San Luis Obispo. drive, around 3 hours on the Interstate and we are recommending Yosemite Pines RV as your destination for the night – or nights – you choose to spend here. The campground is an hour's drive from the West Entrance but, because Yosemite's three quarters of a million acres have few roads, you can see the valleys and rock formations, the Yosemite lakes, the waterfalls and the highest peaks and yet still have all the resort facilities and full hook-ups for your vehicle waiting when you return to your campground. 📍 **150 miles to Groveland, Yosemite National Park** ★ Visit Bridal Veil and Yosemite Falls and, if you can, take the 2.5 mile hike to Inspiration Point. It's steep towards the end so can take a little while but your reward will be the classic photograph of the Yosemite Valley bookended by the peaks of El Capitan and Half Dome. <https://yosemitepinesrv.com/>

Day 7 > Return to Yosemite and this time drive right through Yosemite to join the very scenic Route 395 headed south on the other side. There's so much of importance linked by this road that it has its own website – scenic395.com. Having just left Yosemite, you'll now pass between no less than three more National Parks: Kings Canyon, Death Valley and Sequoia. You'll also pass Mt. Whitney, the highest point in the contiguous USA. It's almost within sight of the lowest point which is in Death Valley's Badwater Basin. 📍 **285 miles to Lone Pine** ★ Visit Manzanar. As a contrast to the natural beauty around, this was the site of the relocation camp that housed 10,000 internees during WW2. If it's the right time of year you may also want to take our little side trip into Death Valley and on to Lake Havasu, see page 22. www.bouldercreekrvresort.com

Montezuma Castle

Day 4 > The longest remaining stretch of Route 66 starts in Kingman and runs through to Ash Fork. You will pass through the Hualapai Indian Reservation at Peach Springs and tantalizingly close to the Grand Canyon but you just cannot get to it by road from here! You'll have got your kicks on Route 66 though and at Williams, you'll head north to the Grand Canyon and the Trailer Village RV Park (the only one at the Grand Canyon with full hook-ups). [150 miles to Grand Canyon](#) ★ Visit the Canyon's rim as the sun goes down but be sure to be there again at first light. <https://www.visitgrandcanyon.com/trailer-village-rv-park>

Days 5/6 > During just over four hours driving south on Interstate 17 you will see the landscape change from the lushness in the north with its pines and aspens, to the desert of the south with its giant cacti and sagebrush. It is a fascinating drive for that reason alone but as you come through the Coconino Forest, Sedona is an ideal place to break your journey. Your campground is located on the eastern edge of Scottsdale, where the Four Peaks rise from the desert floor. [270 miles to Phoenix](#) ★ Visit Montezuma Castle. Day 7 > Unashamedly, a stop 'halfway between where you've been and where you want to go'. Blythe, alongside the Colorado River, makes its living looking after tourists who are just passing through and they'll make you more than welcome. [175 miles to Blythe](#) ★ Visit Cibola National Wildlife Refuge <http://www.rivierarvresort.com/>

Day 8 > Do stop off at Joshua Tree National Park and possibly the Salton Sea State Recreation Area on your way to Palm Springs, or we should say next door neighbor Palm Desert. This is a 'desert drive' but it's an interesting one to your destination on Frank Sinatra Drive. Emerald Desert is a resort in itself and boasts a 9 hole golf course if anyone needs to slip away for a couple of hours! [155 miles to Palm Desert](#) ★ Visit more of Palm Springs and spot the celebrities. Many from the movie and music world live here for its benign desert climate www.emeralddesert.com

Day 9 > And now to the Pacific Ocean and the beach. You can head south from your campground and take a country drive through Pinion Flats, the edge of the San Bernardino National Forest and through the Cleveland Forest to join up with the Interstate into San Diego. Or you can take the Interstate all the way and be at the beach in a

couple of hours. Campland on the Bay is one of our firm favourites. [140 Interstate miles to Campland Resort](#) ★ Visit the world famous Palomar Observatory. www.campland.com

THE GRAND CANYON AND LAS VEGAS TOUR

This is just a short round-trip for those of you who don't have a lot of time but during your stay in Las Vegas, want to see the Grand Canyon – not by a fleeting over-fly but really "on the ground"! You may, of course, extend the trip if you wish and stay longer to explore some more of the magnificent National Parks in the area like Zion and Bryce.

Motorhome Itinerary

Day 1 > Collect your motorhome in Las Vegas and make your way directly to Blake Ranch for your first night. You will cross into Arizona at the Hoover Dam but we suggest you stop and visit here on your return journey. It is possible that you will have a Homeland Security check as you pass through this area – nothing scary but there's a few million gallons of Colorado River behind that dam.

[115 miles to Kingman via Hoover Dam](#) ★ Visit the old silver mining town of Chloride.

Day 2 > You're headed for Williams and The Grand Canyon Railway RV park which adjoins their railway depot and hotel to form a pleasant resort area. The hotel's indoor pool and Jacuzzi, as well as the bar and restaurant, are available to RV guests too.

[100 miles to Grand Canyon Railway](#) ★ Visit Planes of Fame, the Williams aircraft museum, or the Flintstones' Bedrock City. www.thetrain.com/lodging/rv-park

Day 3 > The highlight of this little tour will be when you stand at the rim of this magnificent National Park. No photograph, painting or film begins to capture it: you just have to carry the memory away with you. We recommend the Mather campground which has showers and toilets though no electrical hook-ups. Just past Ash Fork, you will re-join Route 66 and it's only a short way along to your KOA Campground. ATTRACTIONS OF THE WEST

This is the ultimate tour of the West! Enjoy Southern California beaches, iconic National Parks including Yosemite, Grand Canyon, Zion & Bryce as well as the 3 major cities Los Angeles, San Francisco & Las Vegas, if you have the time and haven't seen the west then this trip showcases it all!

Motorhome Itinerary

Day 1 > Pick up your motorhome from Cruise America in Los Angeles. Once you have your motorhome, get yourself on to Route 101 and head north – you are on your way to stay at Santa Margarita Lake KOA, just under four hours away. They call the area around Santa Barbara “America’s Riviera” so their beaches & restaurants might make it a natural break on the way. **240 miles to Santa Margarita** ★ Visit Chumash Painted Cave to see some of the very elaborate and colourful rock paintings that have survived for five hundred to a thousand years. www.koa.com/campgrounds/santa-margarita/

Day 2/3 > Ready to get going towards San Francisco today? Please, be sure to stop at that well-known ‘Folly’, Hearst Castle, as you drive through San Simeon – 65 miles into your journey. Take time to enjoy amazing coastal scenery through the Big Sur and Pebble Beach; with maybe a stop at Carmel & Monterey (if time permits add another night to enjoy this amazing area). Then cross the famous Golden Gate Bridge. You are heading for the Petaluma KOA, 34 miles north of that famous icon. A petting farm with cattle, sheep, donkeys, goats and peacocks enhances the ranch atmosphere at this campground, as well as the option to take guided tours of San Francisco, which depart daily May through October. Enjoy a second night at Petaluma KOA. **250 miles to San Francisco KOA** Petaluma ★ Visit Hearst Castle and stop at Carmel & Monterey. Day 4/5 > An early start is recommended today for the drive across California to the town of Coarsegold and the Yosemite RV Resort, the gateway to the first National Park of this trip – Yosemite (Yoss-em-i-tee). Watch for the views across San Pablo Bay as you leave San Francisco. Stay at Yosemite RV Resort for two nights. Your campground is at the edge of the Park and you will enjoy a drive of just under an hour to the Park itself. **230 miles to Yosemite RV Resort** ★ Spend the day exploring the fascinating scenery including a visit to Bridal Veil, Yosemite Falls and, if you can the 2.5 mile hike to Inspiration Point then return to Yosemite KOA for your second night. <http://rvcoutdoors.com/yosemite-rv-resort/>

Day 6 > It will be quite a long day so an early start is recommended. The driving will hopefully be leisurely as you drive once more through Yosemite National Park before taking the southerly route through the Sierra National Forest to the town of Fresno and maybe an hour for lunch. Then take the

winding, easterly route 198 to Sequoia (Si-koy-a) National Forest, home to some of the world’s largest trees, and to one of the oldest cities in California, Visalia. **140 miles to Visalia/Fresno KOA** ★ Take time to enjoy Sequoia and maybe climb Moro Rock for commanding views of the great western divide. Explore the giant forest of trees and witness the grandeur of General Sherman the biggest tree on earth! <https://koa.com/campgrounds/visalia/>

Day 7/8 > Heading for Las Vegas – and a two night stay at the Circus Circus Campground. It is almost a seven hour drive, mainly freeway, but worth it to get to the ‘fun capital’! NB: If you are travelling between September and June and can extend your journey, a route through Death Valley is really worthwhile, otherwise it will be a really long day. If you do extend your trip enjoy a night at Furnace Creek campground. The RV park next to Circus Circus is right on the Las Vegas Strip! **260 miles** ★ Spend the day wandering the Strip and then enjoy one of the many world class acts or shows like Cirque du Soleil – any one is a fabulous choice. If time permits a visit to the Fremont Street experience is a must with free live entertainment and the amazing light show! <https://goo.gl/4LRExc>

Day 9 > The third National Park of this tour is coming up today – it is in Utah and just three hours from Las Vegas. Like Yosemite and Sequoia, but very different, Zion National Park is spectacular. West of Zion is your overnight stop, the St. George/Hurricane KOA, set right in the middle of the natural wonders of Utah. **150 miles** ★ If you get a chance a hike up to Angels Landing is very worthwhile, another great way to tour Zion is on horseback with Canyon Trail Rides, this may well be the highlight of your trip, rides last 1 or 3 hours! www.koa.com/campgrounds/st-george/

Day 10 > Today it’s a 140 mile trip to Cannonville/Bryce Valley KOA, located about 15 miles from the entrance to Bryce Canyon National Park. This Park is

Golden Gate Bridge

Hearst castle

totally different to the others, and with its unmissable sights, it is a great place to spend a day. Giant amphitheatres bristling with pink rock pinnacles that seem to glow at sunrise and sunset are the background to hundreds of back roads, hiking and biking trails and guided horseback rides. **140 miles** ★ If you missed the horse ride trail in Zion then definitely try and do it in Bryce! www.koa.com/campgrounds/cannonville/

Day 11 > Leave around 8am and arrive at Flagstaff KOA in Arizona by 6pm – and this includes the time for a three or four hour trip on Lake Powell. This is a fabulous man-made lake on the Colorado River. If time permits extend your trip and stay overnight to include a trip to Antelope Canyon – a photographers dream! **285 miles** ★ We suggest you rent a speedboat and take it to the famous Rainbow Bridge National Monument, alternatively you can book a guided boat tour from Lake Powell Resort hotel. www.koa.com/campgrounds/flagstaff/

Day 12/13 > After your overnight, 7,000 feet above sea level, you will probably want to ride the nearby Skyride up to 11,500 feet for an overview of the Grand Canyon, Coconino (Cocoa-nee-no) National Forest and Flagstaff itself. There are hiking trails from the campsite or go south and visit Walnut Canyon and its ancient cliff dwellings carved in the walls. Head west now, just 45 miles, to Williams KOA, the gateway to the Grand Canyon, where you are booked for two nights! You have three choices

At the campground you can enjoy live Western music, hayrides, fun-bike rentals, mini-golf and horseback riding. **45 miles** ★ If you get the chance book and take a helicopter tour of the Grand Canyon (definitely not to be missed!) or maybe a jeep or rafting tour! www.koa.com/campgrounds/grand-canyon/

Day 14 > On the homeward road today but there is no need to rush away from Williams – so do spend the morning enjoying some of those activities they provide. The drive is 125 miles today – 82 of them on State Road 66, better known as the world-famous ‘Route 66’ – where we hope you’ll get some kicks! Head for Kingman KOA and unwind in the huge pool, high in the desert surrounded by the Hualapai (Hu-al-a-pie) Mountains. Nearby you can see traces of the pioneer wagon ruts that still mark the Fort Beale Wagon Trail. **125 miles** ★ A visit to the Route 66 Museum in Kingman is a must. www.koa.com/campgrounds/kingman/

Day 15 > The next to last day is a long one but with three stops. Heading west, the first stop is another icon of the Colorado River – the world-famous Hoover Dam on the border of Arizona and Nevada. Stop a while and stare at this man-made wonder before heading into Boulder City, then go south and skirt the Providence Mountains before diverting to the Mojave National Preserve.

Day 16 > A 3.5 hour drive back to Carson and Cruise America this morning.

DEATH VALLEY AND LAKE HAVASU ADD-ON

We are seeing this little loop as an 'add-on' to your major itinerary. It's shown as starting and finishing in Las Vegas though, of course, this short tour can be just as easily added to a rental from Los Angeles or any other Cruise America rental location in the West. Death Valley is the lowest area in North America, this is the National Park that has to be seen.

Motorhome Itinerary

Day 1 > Furnace Creek is the base from which to explore Death Valley. You can stay at the National Park Campground there or at the adjacent Furnace Creek Inn which also has a restaurant, shopping and America's lowest golf course. Take the opportunity to explore in the direction of Stovepipe Wells as you'll be headed in the opposite direction tomorrow. **130 miles to Furnace Creek from Cruise America Las Vegas** ★ Visit Red Rock Canyon shortly after leaving Las Vegas and Zabriskie Point just before arriving at your campground. www.furnacecreekresort.com

Day 2 > A bit of a backhaul for those who came in from Los Angeles but you're headed towards Barstow today. It looks a long way round on a map but, Providence Mountains and the Devil's Playground lie between Death Valley and Lake Havasu and there are no roads across. **170 miles to Barstow** ★ Visit Badwater Basin, the lowest point in the US (only 140 miles from the peak of Mt. Whitney; the highest). Take the shuttle from KOA to the silver mining ghost town of Calico. www.koa.com/campgrounds/barstow

Day 4 > Rejoin Interstate 40 north of Havasu and make for the Blake Ranch east of Kingman. As it's only a 90 minute drive, we suggest you come off on Route 66 (towards Kingman Airport) and follow one of the last remaining parts of this iconic road through to Seligman or even Ash Fork, before returning on Interstate 40 to Blake Ranch (exit 66). **85 miles to Kingman** ★ Visit Grand Canyon Caverns on Route 66 near Peach Springs. www.blakeranchrv.com

Pirate Cove RV Resort

Day 3 > The interstate across the Mojave Desert soon soaks up the miles and soon you'll be on the scenic shoreline of Lake Havasu State Park. The focal point of this popular leisure resort is old London Bridge which was moved stone

Day 5 > Since the Blake Ranch is so close to the Grand Canyon, many renters will be heading in that direction. For those returning to Las Vegas, there will be time to visit Chloride on the way back to Las Vegas to return your motorhome. It's an old silver mining town that the few remaining citizens will not let die. 120 miles to Las Vegas.

N.B. Vehicles are allowed to operate in Death Valley, however, extreme caution must be observed. Clients visit these areas at their own risk. During certain periods these areas are not habitable and could pose a danger to the driver and passengers.

Day 5 > Continue on scenic Highway 89 for almost 130 miles then turn right on 12 for Bryce Canyon, and Ruby's Inn Campground. On your journey you will drive through the Dixie National Forest. It will take about 2 ½ hours to get to Bryce Canyon so set off early to enjoy this very different National Park with its strange columns and pinnacles of rock. **145 miles to Ruby's Inn, Bryce Canyon** ★ Visit the Escalante Grand Staircase National Monument begins near Ruby's Inn and is a very unique region of canyons, arches, plateaus and cliffs www.brycecanyoncampgrounds.com

Day 6 > Travel south on Hwy 89 heading for Zion National Park. Zion is different again, more lush, but spectacular too. You will want to stop and linger. Just 14 miles further on, Zion River Resort is ideally located for easy access to what truly is one of the nation's most beautiful parks so you may want to base yourself here for more than one night.

Day 7 > Because you will probably want to spend more time in Zion National Park this morning, we are taking just a short drive to Mesquite to overnight on our way to Las Vegas. Also, we want you to be able to enjoy a pleasant and interesting drive to the city which could not be accomplished in one day. Take a look at the Desert Skies Resort website; we know you'll enjoy your overnight stay. **180 miles to Mesquite** ★ Visit the St. George area; a historical gold mine full of pioneer homes, fascinating ghost towns, and prehistoric dinosaur footprints www.desertskiesresorts.com

Day 8/9 > If you wish, you can take Interstate 15 right into Las Vegas. However, we prefer the more leisurely route through the spectacular Lake Mead Recreation Area. Continue on Lake Shore Drive; stop off at Boulder Beach; then to the amazing Hoover Dam – certainly a most amazing man-made wonder. Then you can either head to the fabulous Oasis Resort Campground or you may prefer to return your Motorhome and check in to one of the many amazing opulent or themed hotels on the strip! **120 Miles to Las Vegas** ★ Visit the Valley of Fire State Park on the way to the Hoover Dam www.oasislasvegasrvresort.com

ARIZONA AND NEW MEXICO WITH THE GRAND CANYON

We know you won't come to Arizona and miss the Grand Canyon but we thought we'd take you on a whistle stop tour of New Mexico and southern Arizona as well. Covering a minimum of 7 nights, we know you will want to stay longer in several of these locations.

Motorhome Itinerary

Day 1 > Pick up your motorhome from Cruise America in Phoenix and zip straight down Interstate 10 to Tucson where you can expect more than 300 days of sunshine every year! Mild spring, fall, and winter temperatures are legendary. While summer does heat up, Tucson's combination of low humidity and medium altitude makes higher temperatures feel more comfortable. Whispering Palms RV is the place to stay; small and close to downtown.

📍 100 miles to Tucson ★ Visit the iconic Mission San Xavier del Bac and don't miss Old Tucson or the Arizona-Sonora Desert Museum.
🌐 <http://whisperingpalmsrvpark.com/>

Day 2 > You will certainly want to spend some time in Tucson so we haven't given you much further to drive today. But there is a reason why we are staying at Benson: it is so close to Tombstone and the OK Corral. You will want to visit either today or tomorrow. So less than an hour's drive to Butterfield RV Resort in the San Pedro Valley surrounded by four distinct and separate mountain ranges. 📍 50 miles to Benson ★ Visit Tombstone and see where Wyatt Earp and the other 'good guys' won the Gunfight at the OK Corral. 🌐 www.rv-resort.com

Day 3 > A longer drive today, but as on Interstate 10 still a little over three hours. So time for Tombstone first if you didn't get there yesterday. En Route you may want to stop at historic Bowie

(1880 is historic in the USA!) just before you cross the state line into New Mexico. Look out for the high peaks of Mt Graham (10,717ft), Dos Cabezas Range (8,363 ft) and the Chiricahua Mountains (9,796 ft) You are headed for Las Cruces and Hacienda RV Resort, within walking distance of historic Old Mesilla (Billy the Kid's hangout), and all the special shops and fine restaurants it provides – maybe a night to eat out! 📍 230 Miles to Las Cruces ★ Visit the Steins-Railroad Ghost Town and Billy the Kid's Shakespear. 🌐 www.haciendarv.com

Day 4 > This morning you are only minutes to downtown Las Cruces, the second largest city in New Mexico, offering theatres, museums, wonderful dining, and gracious Southwest hospitality. Do check the website for great local information and visit before you start your four hour drive. The major city of New Mexico is your destination today and on the way we're sure you will want to stop at 'Truth or Consequence' to find out why its name was changed from 'Hot Springs'. Be sure to visit the historic bath house district. Then head on to American RV Park, the highest rated in the State. If travelling during the first half of October, book WELL in advance as it's the hot air balloon festival in Albuquerque. 📍 235 miles to Albuquerque ★ Visit Socorro for the Old San Miguel Mission dominated by the massive South Baldy mountain. 🌐 www.americanrvpark.com

Day 5 > A longish drive today but as it is all on Interstate 40 it should take less than five hours. Day 6 > We have been to and love the Mather Campground at the Grand Canyon National Park South Rim. It has no water or electric hookups but it does have coin operated hot showers and toilets. Day 7 > You may enjoy visiting the home of the Grand Canyon Railroad in Williams before heading south. There are over 100 large RV sites available on a first-come, first-served basis and they advise calling a couple of days ahead to secure a site. COWBOY COUNTRY

A very memorable combination of Yellowstone and three more spectacular National Parks; Mount Rushmore and several more world famous icons; Buffalo Bill, Wild Bill Hickock, Calamity Jane and the Deadwood Stage; Old Faithful, geysers and massive waterfalls and Indians, cowboys and other men from Laramie. Oh, and the colossal Rocky Mountains too!

Motorhome Itinerary

Day 1 > Collect your motorhome and make for Cheyenne, Wyoming – the capital city and gateway to Cowboy Country. Try to be there for Frontier Days (www.cfdrodeo.com), though you must book well in advance as the event attracts visitors from very far afield. 📍 110 miles to Cheyenne, Wyoming ★ Visit the Capitol Building and the State Museum. 🌐 www.campcheyenne.com

Day 2 > A long drive across featureless, tumbleweed strewn country. But have faith, it really is worth it once you cross into South Dakota. Our recommended campground has no hookups, showers or amenities but deer and buffalo roam to the fence. Coyotes howl but otherwise the silence is deafening and the stars are never brighter. There are other full facility campgrounds to choose from if you prefer. 📍 270 miles to Wind Cave National Park ★ Visit the Mammoth Site and Evans Plunge pool in Hot Springs. 🌐 <https://goo.gl/Xsz6dY>

Day 3 > Everyone knows of Mount Rushmore, one of America's icons. Fewer know the Crazy Horse Memorial, a giant mountain carving of the famous Indian Chief. Please don't miss visiting either of them! 📍 40 miles to Mount Rushmore KOA (via Custer State Park) ★ Visit dramatic Badlands National Park and, time-permitting, the site of the massacre at Wounded Knee. 🌐 www.mountrushmorekoa.com

Day 4 > "The Deadwood Stage was comin' on over the hill" probably carrying Wild Bill Hickok and Calamity Jane! Don't miss it; and enjoy a pint at the Old Franklin Hotel or even Kevin Costner's bar...he fell in love with Deadwood when making 'Dances with Wolves'. Close encounters of a third kind? You remember the movie? Well the location was Devils Tower. 📍 120 miles to Devils Tower stopping at Deadwood along the way ★ Visit Spearfish Canyon. Day 7/8 > A stunning drive through Shoshone Canyon to the eastern entrance to Yellowstone National Park. It's then a gentle forty miles to Grant Village and your campground. Expect occasional traffic jams. That's when the folk ahead stop to view the wildlife. It could be a moose with its young, a bear or a group of deer. People just stop and look at interesting wildlife. This area also provides the opportunity to visit many of the Valley's vineyards in Oliver, Penticton, Okanagan Falls, Kelowna... and more. See www.kelownagolfski.com/okanaganwineries.htm for details. We have chosen the Okanagan Lake location, just north of Penticton, for this tour. It has two large campgrounds (North & South Park) which offer lakeside camping on Okanagan Lake. The beautiful beaches are surrounded by ponderosa pines and sagebrush which make the park a perfect spot for swimming and water activities. Alternatively to break up the journey, add another day and stop off and enjoy Harrison Hot Springs. (If you are starting the tour from the Cruise Canada Calgary depot, drive directly to the Lake Louise Campground or you may prefer to stay in Banff.) [145 miles to Lake Louise](#) ★ Visit the Kicking Horse River where it flows below the Natural Bridge in Yoho National Park. Day 12 > Just 15 miles back to the Cruise Canada rental location to return your motorhome.

VANCOUVER ISLAND ADD-ON

This short trip would make the perfect ending to your holiday following a Western Canada tour; six or more nights to get that feel of the sea and the lives of people who rely on it. Explore the beaches where seals and sea lions frolic offshore, you might even see killer whale pods and schools of dolphins and porpoises jumping over the cresting waves.

Ferry crossings

Regarding any ferry crossings: We always recommend you book them before you go and always book for our largest motorhome, the C30, even if you have reserved a smaller one with us. If we are able to upgrade you to a larger vehicle, or if force majeure dictates that we must, we want you to have that space on the ferry.

Motorhome Itinerary

Day 1 > You need to have checked ferry times and booked for the Tsawwassen-Swartz Bay Ferry, which will take you on a ninety minute trip across the Alaska Marine Highway (www.bcferries.com and transcanadahighway.com/BC/Info-Ferries.htm). Allow four hours to get to the Ferry Terminal in case there is traffic and to be in good time to board. The 70 miles drive shouldn't take more than two hours but do leave Burnaby Cariboo RV Resort (www.bcrv.co) at an appropriate time. Head south for the Transcanada Highway. You are taking the ferry across to Sannich, in south Vancouver Island. When you are off your boat, Salish Seaside RV Haven is just 20 miles.

The Salish Seaside RV Haven is unlike any other in Canada. Situated right on Victoria's harbour it has spectacular views of the city. Open year round it offers full service sites with easy access to the city centre. The closest RV Park to Victoria, all the main attractions are a mere five minutes drive away. If you would prefer to not take your vehicle downtown, this is not a problem. The jaunty Victoria Harbour Ferries can take you straight from the park to the heart of the city. Day 2 > Once you leave the urban/suburban areas on today's drive, the highway climbs over the rugged Malahat highlands, made up of volcanic rock covered by 400 year old Douglas fir trees that in colonial days were common all around Victoria. The rivers in this area have gravel beds, left behind from early glaciers and subsequent erosion, and are home to thousands of salmon. The Malahat Summit provides a number of stunning vantage points for viewing the Saanich Inlet, which is a backwards fjord, facing into the direction of the glacial flow. The lowland valleys have lush farmlands, tree farms and orchards, and the rivers are home to Steelhead trout of up to a metre in length! Still heading north and overlooking the Straights of Georgia, at Rosewell Creek you may want to turn off Hwy 19 on to 19a, through some of the coastal areas, until you reach Campbell River. Take the short crossing on the Campbell River-Quadra Island ferry north to Quadra Island and on to Ripple Rock RV Park at Browns Bay Resort. Cruise ships on the Discovery Passage go right past Ripple Rock RV Park on their way to Alaska and back. [180 Miles to Campbell River](#) ★ Visit the wide sandy beaches at Rath Trevor Beach Provincial Park. www.brownbayresort.com/rvpark.htm

Day 3 > Located on the northwest tip of Vancouver Island, Port Hardy is "where the highway ends, and adventure begins." You might see killer whale pods and schools of dolphins and porpoises jumping over the cresting waves. Cape Scott Provincial Park, which sits on the northern point of the Island, provides a great opportunity to explore the fourteen mile long beach where seals and sea lions frolic offshore. Beachcombers find old Native trade beads or a glass float that has been swept in on the waves across the Pacific Ocean. Roads only head back south-east from

here so head back on Highway 19 for just over 26 miles. Ten miles off the highway towards the coast, you'll find Beaver Cove and Telegraph Cove beyond it. Your RV Park is open all year with all amenities, ocean views and a marina. [195 miles to Telegraph Cove including the round trip north to Port Hardy](#) ★ Visit Cormorant Channel Provincial Park on the way to your campsite. www.telegraphcove.ca/tcv/accom/rvpark.cfm

Day 4 > You'll still be returning the way you came so, if you missed anything on the way north, this is the opportunity to stop now. Provincial Parks along the way past Campbell River include Morton Lake, Elk Falls and Miracle Beach. You're headed for the Qualicum Bay Resort, by leaving Highway 19 between Qualicum Beach and Fanny Bay. For much of the way between Courtenay and Campbell River the Island Highway runs beside Qualicum Bay, an area rich in seafood. Pullouts beside the road give easy access to the bay's sand and pebble beaches. At several places you can buy fresh seafood, brought to the docks daily from local waters. [185 miles to Qualicum Bay](#) ★ Visit Little Qualicum Falls. You maybe didn't expect waterfalls around here. www.resortbc.com

Day 5 > It's only a very short drive today to enjoy Vancouver Island's second city. Nanaimo offers natural beauty at every turn, thanks to its location between Mount Benson and the Straight of Georgia. The thriving local arts and music scene has something happening every day. History enthusiasts will enjoy walking through Nanaimo's winding downtown and checking out historic buildings, many which have been transformed into charming shops, restaurants or museums particularly in the Old City Quarter. There are also abundant shopping opportunities but, for the more energetic, there's bungee jumping, rock climbing walls and much more. After fun, excitement or just

[55 miles to Living Forest in Nanaimo](#) ★ Visit The Bastion, the Hudson Bay Company's old fortress and stop for a drink at the (colourfully) historic Palace Hotel. www.campingbc.com

Day 6 > The Horseshoe Bay-Departure Bay Ferry (www.bcferries.com) is ten minutes from your campground; You will need to have booked the Early Bird Departure Special with Cruise America so you can return your motorhome in the afternoon today. Alternatively, spend a few nights back at Burnaby Cariboo Campground. Your ferry crossing is about two hours and then from Horseshoe Bay drive back to Cruise Canada's office in Delta or back to Burnaby. 20 miles Nanaimo to Delta plus ferry time/30 miles to Cariboo.
