# WELCOME

We are all explorers by nature and Flagstaff is a natural fit as outdoor adventure is in our DNA. Located on the Colorado Plateau of northern Arizona at 7,000 feet elevation, Flagstaff is nestled at the base of the San Francisco Peaks and is a destination for all seasons and all types of adventurers. Depending on the time of year and your personal calling, your outdoor adventure could include world-class downhill skiing, hundreds of miles of scenic trails for hiking, biking and running, outdoor festivals from May to October, magnificent fall colors, or gazing at the stars – as Flagstaff is the first designated International Dark Sky City.

Flagstaff is the best of both worlds; after a day of exploring the many nearby national monuments and Grand Canyon National Park, experience a vibrant city at night. Enjoy one-of-a-kind local shops, art galleries, dining and nine award-winning craft breweries, many within walking distance in a historic downtown setting. And remember, we are a 'Pledge for the Wild' city, so after you utilize the trails, be sure to donate to the cause so we can keep our wild places – wild. Visit [pledgewild.com](http://pledgewild.com) or see page 5 to learn more.

For the history buffs, 2020 continues our Flagstaff Lunar Legacy 50th anniversary celebration of the Apollo moon landings. Much of the lunar mapping and science training for the famed NASA astronauts happened right here in Flagstaff. Be sure to pick up a Lunar Landmarks Trail Map & Passport when you stop by our Visitor Center located at the historic train station on Route 66.

We invite you to turn the pages and start planning your uniquely Flagstaff vacation now.
